to _____

AKC# _____ owned by _____

Address: _____

Phone# _____

Stud fee-- \$1000.00

Bitch must be up-to-date on all vaccines and free of all parasites. Vaccine records are required. A negative Brucellosis is required before female arrives and must be performed no more than two weeks prior to mating.

Bitch owner must provide their own food.

Bitch must have at least hip, elbow, Eyes and Dilute DNA clearances before breeding.

Progesterone Timing tests WILL be required to determine readiness of bitch. Cost of Progesterone Timing test is the responsibility of bitch owner.

A boarding fee of \$25.00 per day will be charged for females not progesterone timed prior to arrival and will be charged daily until progesterone timing has been done (available here at my facility for a fee) and is at least 5.0 or greater or a natural mating occurs. After that, there will be no boarding fee. Expect Bitch to be here for 4 days of mating. After the 4 days of mating, a boarding fee will resume until Bitch is picked up.

A \$300 handling fee is due at the time bitch is dropped off at studs facility and is non-refundable. Balance of stud fee is due within one week (7 days) after whelping

A full litter consists of 2 live pups at 3 days old. If less than 2 living pups, no remainder balance is due.

Bitch owner agrees to sell **ALL** puppies on **limited registration** to companion homes. Only approved show homes, by stud owner, will have full breeding rights.

Bitch owner agrees **NOT** to sell any puppies from this breeding to pet shops, puppy franchises or brokers.

I/We have fully read and understood this agreement.
